Ofício nº 139/2025 – PGM/STEF

Ao Excelentíssimo Senhor  
Vereador Dirceu Tardem  
Presidente da Câmara Municipal de Nova Friburgo

Assunto: Resposta ao Requerimento de Informações nº 50/2025, em conformidade com a Lei Municipal nº 5.115/2025

Referência: Processo Administrativo nº 042440/2025

Excelentíssimo Senhor Presidente,

1. Com os cumprimentos protocolares, dirigimo-nos a Vossa Excelência em atendimento formal e tempestivo ao Requerimento de Informações nº 50/2025, de autoria do ilustre Vereador Cláudio Damião, expediente este que fora devidamente encaminhado a este Poder Executivo por meio do Ofício nº 116/SEC/2025, datado de 12 de novembro de 2025.
2. O presente processo, instruído sob o nº 042440/2025, solicita informações detalhadas sobre a totalidade dos créditos de grande valor do Município, a identificação dos devedores correspondentes e as ações de cobrança que têm sido implementadas pela Fazenda Pública Municipal, especialmente considerando o advento e a recente sanção da Lei Municipal nº 5.115, de 05 de dezembro de 2025, que visa estabelecer novos caminhos para a recuperação fiscal.
3. Esta Procuradoria-Geral do Município, por intermédio da Subprocuradoria de Processos Tributários e Executivos Fiscais, procedeu à revisão e análise aprofundada dos dados apresentados pela Secretaria Municipal de Finanças, notadamente o novo Relatório de Dívida Ativa gerado em 10 de dezembro de 2025, a fim de prestar os esclarecimentos requisitados com a máxima precisão, amplitude e transparência exigidas pelo Poder Legislativo.

## **I. Contextualização da Política Pública de Arrecadação e Recuperação de Ativos Fiscais.**

4. A aprovação e subsequente sanção da Lei Municipal nº 5.115/2025, que adveio do Projeto de Lei Ordinária nº 117/2025, materializam-se como um marco na modernização e na consolidação da política de recuperação de ativos fiscais no âmbito do Município de Nova Friburgo.

5. Este novo instrumento normativo, direcionado especificamente aos 'Créditos de Grande Valor' (definidos a partir de R\$ 500.000,00), transcende a mera formalidade legal, instituindo uma abordagem estratégica e pragmática à gestão do Contencioso Tributário.

6. Historicamente, a Fazenda Pública Municipal confronta-se com a realidade de que os maiores devedores, em grande parte pessoas jurídicas com alta sofisticação jurídica e contábil, frequentemente engajam-se em litigiosidade prolongada e complexa, o que sobrecarrega o Poder Judiciário e, ironicamente, posterga indefinidamente a satisfação do crédito público, drenando recursos valiosos do erário com a necessidade de manutenção de um elevado número de execuções fiscais cronicamente improdutivas que consomem tempo dos Procuradores e do aparato judicial sem resultados práticos de curto e médio prazo.

7. Essa morosidade processual indesejada, que pode se arrastar por décadas, compromete intrinsecamente o fluxo de caixa municipal e, de forma mais grave, diminui a capacidade de investimento em políticas públicas essenciais para o desenvolvimento social e infraestrutural de Nova Friburgo.

8. Nessa perspectiva de busca por eficiência gerencial, desburocratização e celeridade na arrecadação, a Lei nº 5.115/2025 introduz mecanismos vitais, alinhados com as diretrizes da moderna administração fiscal em todas as esferas federativas.

9. O principal deles é a possibilidade de parcelamento estendido, conforme estatuído no Artigo 4º, que autoriza a quitação dos débitos em até 120 (cento e vinte) parcelas mensais, iguais e sucessivas, oferecendo uma janela de oportunidade e previsibilidade orçamentária para que os grandes devedores regularizem sua situação fiscal em condições

extremamente factíveis e economicamente sustentáveis, ao mesmo tempo em que garante um fluxo de receita contínuo e previsível para o Tesouro Municipal.

10. Este prazo dilatado atende diretamente à complexidade e ao vulto dos créditos em questão, reconhecendo que a recuperação abrupta de valores tão elevados pode ser inviável para a saúde econômica da própria empresa devedora, ensejando, inadvertidamente, maior litígio.

11. Adicionalmente, um dos pontos mais inovadores e socialmente relevantes da nova lei reside nos Artigos 9º e 15º, os quais estabelecem a faculdade de compensação de débitos, possibilitando, de maneira expressa, que débitos tributários ou não tributários de grande valor devidos por empresas, especialmente as do setor de saúde (hospitais, clínicas e laboratórios), possam ser convertidos em serviços de saúde comprovados e previamente autorizados, respeitando-se o valor de mercado dos serviços prestados.

12. Esta modalidade de compensação híbrida ou total não apenas simplifica a recuperação de créditos de setores essenciais à vida da população, mas também direciona a dívida ativa para a sua conversão em serviços públicos de vital importância para a comunidade, como saúde, gerando um benefício social imediato e tangível que se concretiza de forma muito mais rápida do que a longa espera pela conclusão de um processo judicial.

13. A legislação, portanto, busca desincentivar a inatividade das execuções fiscais, conferindo máxima efetividade ao interesse público primário de reverter a dívida em investimentos, mantendo, em conformidade com o Artigo 3º, a irrenunciabilidade dos encargos moratórios e das penalidades, salvo expressa disposição legal de caráter geral, garantindo-se a recuperação integral do crédito consolidado.

14. Ressalte-se que as respostas formuladas tomam por base relatório atualizado emitido pelos sistemas informatizados do Município de Nova Friburgo, com data de geração em 10 de dezembro de 2025, abrangendo o período de débitos de 1999 a 2025.

## II.Respostas aos Questionamentos do Requerimento de Informações nº 50/2025

15. Para dar cumprimento integral ao princípio da publicidade e à determinação regimental que norteia o Requerimento de Informações, apresentamos a seguir as respostas aos questionamentos formulados pelo ilustre Vereador Cláudio Damião, devidamente lastreadas nos dados oficiais retificados da Secretaria Municipal de Finanças.

### 1. Qual o montante estimado de Crédito de Grandes Valores a que se refere o PLO nº 117/2025?

16. O montante total dos débitos inscritos em Dívida Ativa do Município de Nova Friburgo que se enquadram na definição legal de "Créditos de Grande Valor", conforme a Deliberação do Artigo 2º da Lei Municipal nº 5.115/2025, que estabelece o critério mínimo de valor atualizado igual ou superior a R\$ 500.000,00 (quinhentos mil reais), atinge a expressiva soma consolidada e atualizada até 10 de dezembro de 2025 de R\$ 319.411.747,73 (trezentos e dezenove milhões, quatrocentos e onze mil, setecentos e quarenta e sete reais e setenta e três centavos).

17. Este montante demonstra a magnitude do estoque de créditos ativos cuja recuperação por meio dos instrumentos fiscais inovadores é fundamental para o equilíbrio das contas públicas.

18. Trata-se de um passivo de grande escala que, se recuperado ainda que parcialmente através dos parcelamentos estendidos ou compensações previstas, terá o condão de impactar positivamente na realidade orçamentária do Município.

### 2. Informar quais são os devedores em valores referentes aos Créditos de Grandes Valores previstos no PLO, nominando-os.

19. Com base no novo Relatório Oficial de Maiores Devedores da Dívida Ativa, extraído do sistema de cadastro fiscal municipal em 10 de dezembro de 2025, identificam-se 85 (oitenta e cinco) contribuintes pessoas jurídicas que possuem débitos consolidados acima do patamar de R\$ 500.000,00. O relatório segue em anexo.

20. Dada a extensão da lista, destacam-se a seguir os maiores devedores que compõem a parte mais significativa deste montante, em ordem decrescente de valores:

1. CASA DE SAUDE SAO LUCAS S/A, com o montante total de R\$ 28.994.930,37;
2. FRIBURGO AUTO ONIBUS LTDA, com o montante total de R\$ 27.426.773,07;
3. GS PLANO GLOBAL DE SAUDE LTDA, com o montante total de R\$ 23.836.870,92;
4. UNIBANCO UNIAO DE BANCOS BRASILEIROS S/A, com o montante total de R\$ 16.369.155,51;
5. HSBC BANK BRASIL S.A. BANCO MULTIPLO, com o montante total de R\$ 13.345.661,36;
6. BANCO DO BRASIL S/A, com o montante total de R\$ 11.470.719,49;
7. BANCO SANTANDER S.A., com o montante total de R\$ 10.753.098,58;
8. CAIXA ECONOMICA FEDERAL, com o montante total de R\$ 9.389.596,42 (Agência 0186);
9. BANCO MERCANTIL DO BRASIL S/A, com o montante total de R\$ 9.084.452,07;
10. BANCO BRADESCO S.A, com o montante total de R\$ 8.729.526,36;
11. UNIMED DE NOVA FRIBURGO SOCIEDADE COOPERATIVA, com o montante total de R\$ 8.701.067,01;
12. ITAPEMIRIM GROUP LTDA, com o montante total de R\$ 8.254.450,83;
13. BANCO BRADESCO S.A (outra inscrição), com o montante total de R\$ 8.068.188,43;
14. ITAU UNIBANCO S.A, com o montante total de R\$ 5.904.465,47;
15. CENTRO EMPRESARIAL NOVACOR LTDA, com o montante total de R\$ 5.816.859,35;
16. AGRINCO DO BRASIL LTDA, com o montante total de R\$ 5.677.530,15;
17. CAIXA ECONOMICA FEDERAL (Agência 1623), com o montante total de R\$ 5.126.285,76;
18. UNIBANCO UNIAO DOS BANCOS BRASILEIROS, com o montante total de R\$ 4.812.480,34;
19. ÁGUAS DE NOVA FRIBURGO S/A, com o montante total de R\$ 4.594.490,53;
20. VENTURA COMERCIO DE ALIMENTOS LTDA, com o montante total de R\$ 4.317.150,15;
21. FUNDO DE ARRENDAMENTO RESIDENCIAL (FAR), com o montante total de R\$ 3.934.548,08;

22. SPINELLI SA INDUSTRIA COMERCIO E AGRO PECUARIA, com o montante total de R\$ 3.618.523,52;

23. A lista segue abrangendo outros devedores relevantes como a PREFEITURA MUNICIPAL DE NOVA FRIBURGO (cuja situação específica será detalhada em tópico próprio), TELEMAR NORTE LESTE S/A, SOTEC SOCIEDADE TÉCNICA DE ENGENHARIA, entre outros, totalizando os 85 maiores devedores que perfazem o montante global supracitado.

### **3. Tais valores são referentes a quais impostos, taxas ou outras obrigações para com o erário municipal?**

21. A composição dos créditos apurados no montante total da Dívida Ativa de Grande Valor é heterogênea e engloba uma vasta gama das obrigações tributárias e não tributárias estabelecidas pela legislação de Nova Friburgo.

22. A análise detalhada do relatório atualizado revela que a natureza jurídica dos débitos se concentra fortemente no Imposto Sobre Serviços de Qualquer Natureza (ISSQN), especialmente incidente sobre instituições financeiras e empresas de transporte e saúde, bem como no Imposto Predial e Territorial Urbano (IPTU) e Taxas correlatas (Coleta de Lixo, Serviço Urbano).

23. Entretanto, o espectro de inadimplência é amplo e inclui: Auto de Infração (penalidades administrativas); Foro; Outorga Onerosa do Direito de Construir; Taxa de Licença para Funcionamento de Estabelecimento; Taxa de Fiscalização Sanitária (TFS); Taxa de Controle e Fiscalização Ambiental; Multas Fiscais; Imposto de Renda Retido na Fonte (IRRF); Imposto sobre a Transmissão de Bens Imóveis (ITBI); Taxa de Expediente; Taxa de Licença de Comércio Eventual ou Ambulante; e Outras Receitas Diversas e Não Tributárias.

24. Esta multiplicidade de fontes de créditos, com destaque para grandes volumes em Autos de Infração e ISSQN de instituições financeiras e de saúde, reforça a necessidade de instrumentos de recuperação fiscal versáteis e abrangentes, como aqueles instituídos pela nova legislação.

#### **4. Desde quando esses valores são devidos?**

25. O período de constituição dos débitos que integram o estoque de Créditos de Grande Valor é extremamente extenso, evidenciando o caráter estrutural da inadimplência e a ineficácia histórica dos meios de cobrança tradicionais para este perfil de devedor.

26. A análise cronológica do novo relatório aponta vencimentos que remontam ao final da década de 1990.

27. Especificamente, identifica-se como o vencimento mais antigo registrado neste relatório a data de 30 de janeiro de 1998, referente a débito da empresa NOVA COR D.T.CARDIOLOGIA LTDA. Há, ainda, uma quantidade expressiva de débitos com vencimentos iniciais em 30 de janeiro de 1999, afetando grandes instituições como UNIBANCO, HSBC, BANCO DO BRASIL, CAIXA ECONOMICA FEDERAL, AGRINCO DO BRASIL LTDA, SPINELLI SA, SOTEC, entre outros.

28. Isso confirma que a estratégia de judicialização pura tem se mostrado insuficiente para garantir a liquidez desses ativos, tornando imperativa a adoção de medidas de transação tributária e parcelamentos alongados para destravar esses valores históricos.

#### **5. Houve em algum momento a tentativa de cobrança junto a esses devedores? a) se sim, quando e como. b) se não, justificar.**

29. Sim, o Município de Nova Friburgo tem empreendido esforços contínuos e sistemáticos para a cobrança e recuperação desses vultosos débitos, utilizando-se de todos os instrumentos legais e administrativos disponíveis.

30. Administrativamente, a medida mais contundente e amplamente utilizada, conforme documentado no Relatório de Dívida Ativa anexo, é o protesto extrajudicial das Certidões de Dívida Ativa (CDAs).

31. O relatório evidencia códigos de protestos vinculados aos devedores listados. A título de exemplo, a empresa AGRINCO DO BRASIL LTDA possui substancial número de códigos de protestos registrados em cartório referentes aos exercícios de 2024 e 2025.

32. O mesmo padrão se repete para as instituições bancárias e empresas de saúde. O protesto é um ato formal que constitui o devedor em mora, impacta seu crédito na praça e impede a emissão de Certidão Negativa, exercendo forte pressão para a regularização.

33. Tais esforços proativos se coadunam integralmente com a determinação constitucional expressa no Artigo 163, inciso V, da Constituição Federal, e demonstram que a administração não se manteve inerte, mas que a natureza dos débitos e o perfil dos devedores exigem soluções legislativas adicionais como a Lei 5.115/2025.

#### **6. Esses devedores a que se refere o PLO nº 117/2025, foram acionados judicialmente?**

34. Sim, a via judicial tem sido rigorosamente utilizada pela Fazenda Pública Municipal.

35. O relatório atualizado apresenta uma quantidade massiva de execuções fiscais ajuizadas contra os devedores listados, abrangendo processos desde o início dos anos 2000 até ajuizamentos recentes em 2024 e 2025.

36. A título ilustrativo da complexidade e volume do contencioso:

a) A AGRINCO DO BRASIL LTDA (Contribuinte nº 16) responde a uma lista impressionante de execuções fiscais, ocupando diversas páginas do relatório com números de processos, evidenciando centenas de ações em curso;

b) A CASA DE SAÚDE SÃO LUCAS S/A possui diversos processos listados, como os de nº 0006319-63.2003.8.19.0037 e 0040682-95.2011.8.19.0037, demonstrando litígios que perduram por mais de uma ou duas décadas;

c) Instituições bancárias como o BANCO DO BRASIL e SANTANDER acumulam dezenas de processos de execução fiscal cada um, o que reflete a estratégia de defesa contínua adotada por grandes conglomerados financeiros.

37. A existência de milhares de processos judiciais, conforme demonstrado no relatório, atesta que a Fazenda Municipal não se esquivou do seu dever de acionar o Judiciário.

38. Contudo, a saturação das varas de execução fiscal e a morosidade inerente a esses processos justificam a urgência e a pertinência dos novos parâmetros de negociação instituídos pela Lei Municipal nº 5.115/2025, buscando resultados onde a via judicial estrita encontrou obstáculos temporais significativos.

### **III. Análise Específica da Inscrição da Pessoa Jurídica de Direito Público no Cadastro de Devedores.**

39. O novo Relatório de Dívida Ativa aponta a presença da própria PREFEITURA MUNICIPAL DE NOVA FRIBURGO na lista de devedores, agora figurando na posição nº 37, com um montante de R\$ 1.828.973,42.

40. É imperioso esclarecer que tal situação decorre de uma anomalia de natureza estritamente cadastral e procedimental, e não da efetiva existência de um débito exigível da municipalidade contra si mesma (confusão patrimonial).

41. A Constituição Federal estabelece, no Artigo 150, inciso VI, alínea "a", a prerrogativa da imunidade recíproca, vedando formalmente a cobrança de impostos, como o Imposto Predial e Territorial Urbano (IPTU) e as taxas correlatas, sobre o patrimônio do próprio Município. O lançamento automático do IPTU e da TCLD é realizado contra o titular cadastral do imóvel, o qual, no caso de bens de domínio municipal, é o CNPJ da Prefeitura.

42. Contudo, em estrita observância ao Artigo 103, § 1º, do Código Tributário Municipal (Lei Complementar nº 124/2018), em situações como concessões de uso, residências funcionais ou demais situações envolvendo bens municipais, a obrigação de pagar o tributo

recai sobre o possuidor, cessionário ou particular a qualquer título que usufrui efetivamente do bem, o qual é considerado devedor solidário ou principal responsável.

43. A manutenção do registro do débito vinculado ao CNPJ da Prefeitura no sistema da Dívida Ativa é, muitas vezes, tecnicamente necessária nos sistemas legados para rastrear a origem do lançamento imobiliário e possibilitar o redirecionamento da cobrança e da competente Execução Fiscal contra o real responsável (o particular possuidor), que deve ser acionado para a satisfação do crédito.

44. A Procuradoria atua no sentido de sanear tais inscrições, formalizando o reconhecimento da imunidade para as inscrições de domínio pleno ou direcionando a cobrança exclusivamente contra o possuidor/cessionário, garantindo a liquidação do débito sem violar a imunidade constitucional.

45. Esta subprocuradoria se coloca à inteira disposição para quaisquer esclarecimentos adicionais que se fizerem necessários em relação ao presente.
